

LIVE THE BRAAI LIFE

***98368-US* - 13" Pizza Stone**

With the 13 in. pizza stone, enjoy cooking pizzas on your grill or oven without the mess. This durable stone will cook your pizza evenly and prevents char marks that are typically left behind from a grill top. The porous nature of the stone also helps absorb moisture and results in a perfectly crisp crust. Since the pizza stone distributes heat evenly, you will never have to worry about rotating your food. In addition to pizzas, you can also use it to cook quesadillas, crispy cookies, and pastries.

FEATURES

- 13 in. pizza stone
- Perfect for indoor and outdoor use
- Cooks food evenly
- Absorbs moisture for a crispier crust
- Convenient carry handles
